

STATE OF TENNESSEE  
COUNTY OF WEAKLEY

Upon request of Finance Committee of Weakley County and pursuant to notice of County Judge upon such request (which request and notice are hereinafter recorded) a special session of the Weakley County Quarterly Court was called to meet in the Temporary Court Room (Masonic Hall) in Dresden, Tennessee, on Friday morning, November 12, 1948. Court was called to order by Cayce Pentecost, County Judge, with the following members answering present upon the roll call: Birk McClain, Doyle Atkinson, D. G. Barger, J. Martin Adams, J. H. Jackson, Mike Wheeling I.G. Hatler, W. E. Stow, W. G. Buckley, R. R. Wright, C. C. Brooks, B. F. Miller, Henry Killebrew, Bill House, C. C. Underwood, Paul Moore, C. B. Herron, Frank Lipscomb, Bob House, Geo Hearn, Will Young, Paul Rushing, Blain Woodruff, Rex Hobbs, B. F. Patterson, W. W. Marr, Hassel Collier, Robert Kennedy, Dean Grooms Bailey Taylor, Odie Guffie, Frank Parrish, Albert Miles, Fielden Travis, Hubert Bailey, John C. Hatler, Neal Walker, Neal Tillman, Aaron Campbell, Leonard Brawner, E. L. Lemonds, Alphas Parrot, Luther Taylor, Basil Kelly, when the following business was transacted:

Be it remembered that at the this special session of the Weakley County Quarterly Court, when the matter of providing sufficient funds to finance the building of the new Martin school building was being considered, when it appeared to the Court that there were not sufficient funds allocated to this project to meet the price of the contract bid of Mr. N. B. Williams, Martin, who was low bidder, and whose bid was \$324,828.00, when, as a matter of fact, there were only \$300,000.00 set aside for the construction of this job. The matter of providing these extra funds for this project was presented to the Court for further consideration.

WHEREUPON, Esquire Mike Wheeling moved the Court that the bid of N. B. Williams be accepted, it being the lowest and best bid offered, and that the difference of \$24,828.00 be provided out of the recent school bond issue, which amount added to the \$300,000.00 heretofore allocated to this project will finance the construction of the new school building. This motion was seconded by Esquire Dean Grooms and others and the roll was called when every member of the Court present voted for the motion, namely 41 voting for and none voting against.

It was agreed by unanimous voice vote that this action of the Court would in no wise affect the future building plans of any of the remaining school projects in the County, but that these funds, that is, the overage, would be provided by this Court at some future session so as to guarantee the building of suitable and proper buildings wherever needed, and this Court, here and now goes on record as agreeing to provide sufficient funds to carry the proposed building program finally through so that all schools and communities shall share in the million dollar bond issue funds for building purposes as their needs may appear.

At this time, Esquire Gilbert Hatler moved the Court, and it was duly seconded by several members, that the matter of the purchasing of all school equipment be referred to the County School Board and the Finance Committee. Motion carried by voice vote.

THEREUPON, on motion being duly made and seconded, the above special session of the Weakley County Court was adjourned.

  
County Judge
